## **BioScreen Expands Clinical Services Division Sales Team**

**May 21st, 2008, Torrance, CA**, BioScreen Testing Services - A California-based, full-service Contract Testing Laboratory announces the newest member of their business development team, Orly Zargar, as the West Coast Business Development Representative for Personal Care. Ms. Zargar, a dynamic professional, is responsible for supporting and contributing to the company's continued growth. Ms. Zargar holds a Marketing degree from the University of California at Los Angeles.

"Orly is proving to be a great asset to the BioScreen sales team," said Kelly Templeton, Business Development Manager. "As the West Coast Business Development Representative, her focus is on the ever-growing personal care industry in California. Orly is charged with expanding new business, and strengthening BioScreen's relationships with our personal care clients."

### About us:

BioScreen Testing Services, Inc., is a full service analytical chemistry, microbiology and human clinical testing laboratory that provides turn-key services for the cosmetic and Over-The-Counter drug industry. BioScreen provides cGMP chemical and microbiological analysis and consulting as well as clinical claims substantiation for personal care products. Turn-key services, including vendor qualification, laboratory support and clinical safety and efficacy testing, makes BioScreen Testing Services the leader in GMP testing and consulting in the western United States.
